

## MICRO-GRANT SPONSORSHIP OPPORTUNITIES

Born out of the State of Ohio's Industry Sector Partnership Grant, The Health Collaborative's (THC) Regional Career Exploration Collaborative (RCEC) is dedicated to building and operating quality healthcare career exploration programs for Greater Cincinnati's middle and high school students. A promising practice we piloted in 2024 was offering micro-grants to our RCEC healthcare and education partners to create new programs or enhance existing ones. To continue our success, we are seeking new funding for 2025 micro-grants. Following is a menu of sponsorship levels for organizations willing to support this work.
